An updated Santa Clara County shelter-in-place order goes into effect on Friday (June 5th) with no outside date (https://www.sccgov.org/sites/covid19/Pages/public-health-orders.aspx). The body of the existing May 22nd order itself is unchanged, only some of the appendices have been updated via this updated order.

These updates include an expansion of “Additional Businesses Allowed to Operate” (via an updated Appendix C-1) and “Allowed Additional Activities” (via an updated Appendix C-2). Attached are redlines of each of these appendices that highlight the changes, and we have summarized below what we believe to be the key changes for the University. We have also attached a new “What’s Open” graphic that the County has issued to help summarize the state of play with the updated order.

Please reach out to the Office of the General Counsel (OGCAdvice@stanford.edu) if you have any questions about the updated order.

**Additional Businesses Allowed to Operate**

1. Retail is permitted to be opened for in-store shopping. To promote social distancing, no more than one personnel per 300 gross square feet of the facility, and no more than one customer per 200 square feet of space open to the public.
2. Childcare, camps, summer school, and other educational or recreational programs for all children are permitted, in stable groups of up to 12 children and subject to additional rules.
3. Restaurants and other food facilities that provide sit-down food service may provide outdoor, sit-down meals, subject to certain limitations including limiting the number of patrons at a single table to no more than six, all of whom must be from the same household or living unit. Tables need to be arranged to facilitate social distancing and entertainment events are not allowed. This could come into play for facilities like the Faculty Club.
4. Outdoor swimming pools (Avery Aquatic Center, etc.) are permitted to re-open subject to certain rules such as no more than one swimmer per lane (unless they are members of same household), social distancing is maintained, use of shared swimming areas must be limited to no more than one swimmer per 300 square feet of shared pool space, locker rooms are closed to the public except for use of restroom facilities, all gathering is prohibited outside the pool except that members of a household may observe a child or other person swimming, and at least one person separate from a lifeguard must be on duty at all times to ensure compliance.

Allowed Additional Activities

1. Non-contact recreational and athletic activities with members of other households may occur, subject to a number of rules including that no more than two households may engage in these activities together at any one time, no equipment (except balls, frisbees, or other projectiles) may be shared between households or living units, all recreational and athletic activities with members of another household or living unit must occur entirely outdoors, members of separate households must maintain social distancing, and face coverings must be worn when engaging in recreation with members of another household except when actively exercising or by people who are exempted from the face covering requirement. This standard applies to sports such as tennis and golf.

2. Outdoor small ceremonies and religious services are permitted, in groups no larger than 25 and subject to a number of additional rules.

3. Drive-in theaters and other car-based gatherings are permitted, subject to a number of rules.

Construction Project Safety Protocols

1. These protocols have been updated to clarify that COVID-19 cases associated with construction must be immediately reported to the County Public Health Department by both telephone and by email. This notification requirement existed previously, but it did not specify how to contact the County Public Health Department.
